

## **Cover Me**

### VERSE ONE

Everything you feel  
Melts me inside  
Nowhere to run baby  
Nowhere to hide  
Bared your soul  
With every slip of the tongue  
Truth laid bare  
Told me I was the one  
The one to bring you light  
The one for who you'll fight  
Every demon scorned  
A penny for your thoughts  
A token of faith  
I felt it coming...but a little too late

### CHORUS

Cover Me with your darkness  
Where your demons roam  
Let me shine my light  
Make my heart your home  
REPEAT 2XS

### VERSE TWO

Just wanna save you  
Be your savior  
Didn't know when the sunset  
You wouldn't be here  
You'd be long gone  
Alone in this world  
As I pledge to you, make me your girl  
Let me be the angel  
That saves your Satan heart  
Let me bathe you in glory  
As I give you it all  
All I have to give is all your need  
In the darkness for me you'll plead
