

Roads

Chorus

Am I on the Road
That leads me home
Or am I lost
And all alone
Is there a light
Guiding my way
To a brighter path
To a better day
Is this road leading me home?

Chorus

Chaos and confusion
Rule my mind
Fragments of a forgotten time
Love and home
Were all I've known
Where is it now?
What am I being shown?
There is a struggle
A battle inside of me
And all around
Pieces of my life
Scattered on this sacred ground
I once called this home

VERSE TWO

I can hear her whisper
In my mind and heart
It is calling me
Do not give up
You may fall you may cry
Do not lay down
Where enemies lie
Keep standing keep fighting
Hear me sing
A lullaby soothing
You as you sleep
Know I keep
You always close to me
